Subject: Firewall Invoicing Issue

Bonnie & Frances,

The USAC replied about their database issue for payments of the Firewall. The System update is suppose to be completed by Jan. 10th.

"Bruno, Thank you for contacting USAC regarding your FCC Form 486. I left you a voicemail regarding your inability to invoice. We are experiencing a system issue that is preventing some late approved FCC Form 486s from migrating into the invoicing system. Our IT team is developing a fix that will not be ready until January 10th. Due to the length of time it has taken to address this issue, I am working with the invoicing team to extend your invoicing deadline. Please contact me directly if you have any other questions Inna.Malashenok@usac.org"

Bonbnie,

I talked with E-Rate again. They have a computer system glitch. The Grant is approved and the 486 was approved but the system sais it is in "review". This is a "known" problem at USAC. They created a new case and escalated for the fix.

This is the second one I have run into.

I will notify you when they say it is corrected.

Just a quick question. Bruno Sestito reminded me today to make sure that ANS is going to request the reimbursement for the firewall project that was recently completed. I have submitted the PO with Lunenburg's portion to pay to our finance. You should be receiving our portion soon (if you have not already done so), as it was my understanding that ANS would submit the request for reimbursement.
